SUMMARY OF PROPOSITION 4 APPROPRIATIONS LIMIT

The Appropriations Limitation imposed by Proposition 4 (Article XIIB) was approved by the voters in November 1979. It was modified by Proposition 111 and approved by the voters in June, 1990. Commonly referred to as the Gann Limit, it creates a restriction on the amount of revenues classified as tax proceeds which can be appropriated for expenditures in any fiscal year. The Limit is based on an estimated limit established by LAFCO during FY 1988-1989, the base year, and is increased each year using the change in population and the change in California per capita personal income. Examples of tax proceeds include property, sales and transient occupancy taxes as well as motor vehicle license fees. The Limit does not apply to other revenues classified as non-tax proceeds such as fines and State subventions restricted to specific uses such as gasoline taxes and fees intended to recover the cost of providing services.

During any fiscal year, cities may not appropriate any proceeds of taxes they receive in excess of their Limit. If excess funds are received in any one year, they are carried into the subsequent year to be used if the City is below the Appropriation Limit for that year. Any excess funds remaining after the second year have to be returned to the taxpayers by reducing tax rates or fees. As an alternative, a majority of the voters may approve an "override" to increase the Limit. The law only allows such an override to last for a maximum of four years.

The Appropriations Limit for the City of Yucaipa for FY 2017-2018 is estimated to be \$40,668,962, an increase of approximately 4.89% from the Appropriations Limit for FY 2016-2017. Estimated tax proceeds subject to the Limit based upon the FY 2017-2018 Budget are not expected to exceed \$15 million, an amount approximately \$25 million less than the Limit for FY 2017-2018.

For purposes of calculating the annual Limit, either the change in population of the City of Yucaipa (1.02% from January 2016) or San Bernardino County (1.16% increase during the same time) is to be adopted by the City Council.

The larger of the two population changes may be selected and combined with the change in Statewide per capita personal income (3.69%) to calculate the annual adjustment. Below is the calculation used in determining the FY 2017-2018 Appropriations Limit.

Calculation of 2017-2018 Appropriations Limit		
Appropriations Limit as of 6/30/2016	\$	38,771,928
