Subject: Concern for Last weeks Meeting
Date: Monday, January 23, 2023 2:14:45 PM

I WOOD LIKE THIS READ TONIGHT AT THE MEETING PLEASE. I am unable to attend due to my daughter having surgery but feel that I need to be heard.

Good Morning Yucaipa City council Members! This is Martha Glubka former owner of Huckleberry's Gifts & Goods. I was contacted yesterday by Hanson Wong a very good friend of mine from way back. He asked me if I was aware of the recent concerns of the dismissal of Ray Casey & David Snow? To say that there is questionable evidence piling up is an understatement and the facts that there seemed to be no transparency, as to why this happened is a huge concern to many of us. I have always been a big supporter of yours and shared with Hansen my dealings in the past between us when I had the store. However I have to say after going through the facts presented to me yesterday and verifying what was presented to me has given me cause for alarm. I feel as many others do at this time that Chris Mann & his attorney will create a huge division within our city much like what is happening in our national government. Tonight will give the opportunity for citizens of Yucaipa to be heard and for the City to hear us. Please hear them and reconsider the velocity of these decisions being made and how it will affect our beloved hometown. Losing the faith of the citizens definitely will not be a great start to 2023. I want to continue to support & believe in you all and tonight total transparency can bring back our faith in you and in our system. I'm asking for you to represent us once again and let's work together to fix the decisions & choices that were made before we are broken. From all I've researched Chris Mann & his Lawyer will not be the solution to keeping Yucaipa the hometown the majority of us yearn to keep. Just the sheer fact of 2 of our esteemed council members receiving donations from Chris leads us to believe that the actions taken last week are highly suspect and I believe there needs to be accountability and answers to the citizens in our fine City. We have elected you all to oversee and do what is in the best interest of our city and I can only implore you to do the right thing. Thank you for your consideration in hearing me out. Please do the right thing! Sincerely Martha Glubka
