Subject: What's happening to our city council?
Date: Monday, January 23, 2023 2:37:19 PM

I believe the citizens of Yucaipa deserve an explanation regarding what went on behind closed doors earlier this month. Why the abrupt termination of our city manager who has served our community well and very recently had his contract extended for another 2 years by the council. Since we are not privy to what goes on behind closed doors we should at the very least be given a synopsis of that meeting.
