I would like to take this opportunity to voice my opposition regarding hiring the proposed new City Manager. This may be your last chance to void the contract that is scheduled to go into effect on March 1, 2023, and I urge you to do so.

Did he pass the background check? Who actually perform the check? Are any of the investigators affiliated with any member of the council? I just can't fathom that Mr. Mann could or would pass a legitimate investigation.

While the whole world may not be watching (yet), I can assure you that the concerned citizens of Yucaipa are!
