My name is Jeff Johnson, I live on Fir Ave since 2002. I do not like what I am hearing about the lack of transparency within the city council (and potentially the new city manager). I don't believe all this back and forth between city leaders and concerned citizens is good use of our funds (or energy for that matter). I certainly hope there are no frivolous law suits are developing, they only benefit the attorneys. Please, be forthcoming and ethical in your pursuits. Thank you for your time.

Jeff Johnson

It is with a great deal of sadness that my beloved City of Yucaipa has stooped so low to feel the need to sue its own citizens.

SHAME ON YOU!

I am livid that you would publish my signature in the News Mirror. In these days of criminal activity and cyber thieves, you put our safety in jeopardy. Your actions were reckless and inexcusable. I would like to know how you can sleep at night knowing what you did was disgraceful and deplorable.
