Subject: Public Comment for Counsel Meeting March 27, 2023

My name is Jeff Johnson, I live at [REDACTED] (and have for more than 21 years)

Sorry I cannot attend tonight's council meeting, but I would like to state that I do not agree with several of the recent decisions of this council. Furthermore, I do not agree with the processes or perceived processes which contributed to those decisions. Lastly, it is very concerning that this council does not appear to represent those which have voted them in. Please consider listening to the constituents and bring some integrity to your elected positions.
