Such banners shall not exceed fifteen (15) feet in length nor three (3) feet in width. Banners and flags may be displayed on roof, wall, or fence areas only.
4. Flags or banners should function as visual enhancements for the business, and they should be graphically oriented.
5. No portable signs or banners shall be permitted in any public right-of-way (the area within twelve (12) feet of the curb) or on any public property.
6. No sign shall be placed in such a manner that it obstructs pedestrian or vehicular traffic or visibility.
7. The type, size, location and design of all portable signs and support structures shall approved by the Community Development Department.
8. An application must be submitted for review and approval for all temporary flags or banners.
